RE'S R & D. AND  
THERE'S  
LUMCA R & D.

With an innovation-driven culture and commitment to high performance, we ensure that the quality of our products surpasses industry standards. From our designs to the materials we use to our manufacturing processes, Lumca provides crave-worthy lighting products for large-scale projects and prestigious clients in North and Central America.

# The future of outdoor lighting comes from the inside.

---

Meet Lumca's first Urban-Cozy light, LIO. Sleek and stylish, its design pays tribute to the lights that transform our homes into oases. With LIO, the high-quality and aesthetic narrative of interior light fixtures is now brought to public spaces—with the performance and robustness operators require.

L T O

Outdoor lighting never  
had this much quality.

---

**AURA**

# Aura: Outdoor LED lighting that masters each moment.

---

Aura is a new generation of outdoor lighting solutions for cities that defies convention. Imagine being able to take advantage of the design flexibility, energy savings and lifespan of LED lights—all while offering the warm ambience of traditional lighting. That is the breakthrough with AURA. Never compromise on look—or performance.
