

# AURA

We're redefining  
lighting quality.

DESIGNED, ENGINEERED  
AND MANUFACTURED  
IN NORTH AMERICA.

## AURA: Outdoor LED lighting that masters each moment.

AURA is a new generation of outdoor lighting solutions for cities that defies convention. Imagine being able to take advantage of the design flexibility, energy savings and lifespan of LED lights—all while offering the warm ambience of traditional lighting. That is the breakthrough with AURA. Never compromise on look—or performance.

## Striking the perfect balance between performance and visual comfort.

AURA elegant lighting solutions house an ingenious LED light engine that reduces excessive glare by hiding the LED's point-sources of light. Your lights will never be too intrusive. They'll simply light up people's lives in more pleasant and immersive way.

**UP TO 10 000 LUMENS**

**UP TO 110 LUMENS/WATT**

**IES DISTRIBUTION TYPE 1,2,3,4,5 AND 90-DEGREE BEAM ANGLE**

**CCT: 3000K and 4000K**

**CRI: 80**

### Discover AURA

- **Highly efficient optical system:** IES distribution type 1, 2, 3, 4, 5 and 90-degree beam angle
- **Communications-ready:** AURA's luminance and LED color can be configured remotely using an embedded antenna
- **Sturdy construction:** Made with high quality aluminum grade that withstands any environmental and weather conditions
- Made out of **high quality aluminum grade** and salt spray resistant paint finish
